Dear Pradeep ji

I am indeed thankful to you and your entire team for the glittering performance during the year 2008-09.

The year which has gone by was very eventful. We had seen peaks and the crest which the economy did not witness at least in my corporate life so far.

Your contribution to our company performance has come at time when most of the economies were passing through a very testing and turbulent time.

I am sure that your leadership will continue in the coming years and I look forward to your valuable contribution to our growth.

With kind regards  
yours Sincerely
